Explanations	

A new contract with a total value of €15,565,000.00 for the engineering, protection, control, and automation of energy distribution systems for two 220/66 kV transformer stations has been signed today between our company and a customer based abroad. This project is of significant importance for the sustainability of the country's energy distribution and is expected to serve as a reference for similar projects in the future.

Turkish and English translations of this statement are available, and in case of any conflict between them, the Turkish version will prevail.

We proclaim that our above disclosure is in conformity with the principles set down in “Material Events Communiqué” of Capital Markets Board, and it fully reflects all information coming to our knowledge on the subject matter thereof, and it is in conformity with our books, records and documents, and all reasonable efforts have been shown by our Company in order to obtain all information fully and accurately about the subject matter thereof, and we’re personally liable for the disclosures.
