Explanations	

As previously announced on the Public Disclosure Platform on March 26, 2025, the contract for the Adapazarı Compressor Station Construction Project — a project of critical importance in line with Turkey's goal of strengthening its energy infrastructure — has been signed as of today. The tender, awarded by BOTAŞ – Boru Hatları ile Petrol Taşıma A.Ş., was finalized with a total contract value of TRY 2,974,000,000.00.

This project aims to enhance the capacity and efficiency of Turkey's natural gas transmission system, thereby contributing to energy supply security. As Kontrolmatik Teknoloji, we have initiated all necessary preparations to successfully complete the project, leveraging our engineering capabilities and technological infrastructure.

Respectfully announced to the public.
