| Explanations | |

Our company has been notified that the final decision for the tender of the Adapazarı Compressor Station Project Construction Work, which we participated in on 13.02.2025 and is of critical importance in line with Turkey's goal of strengthening its energy infrastructure, has been awarded to us by BOTAŞ – Boru Hatları ile Petrol Taşıma A.Ş. for a total contract value of 2,974,000,000.00 TL.

This project aims to enhance the capacity and efficiency of Turkey's natural gas transmission system, contributing to energy supply security. As Kontrolmatik Technology, we are initiating all necessary preparations to successfully complete the project, leveraging our engineering expertise and technological infrastructure.

Turkish and English translations of this statement are available, and in case of any conflict between the Turkish and English versions of this statement, the Turkish version will prevail.

Respectfully announced to the public.

We proclaim that our above disclosure is in conformity with the principles set down in “Material Events Communiqué” of Capital Markets Board, and it fully reflects all information coming to our knowledge on the subject matter thereof, and it is in conformity with our books, records and documents, and all reasonable efforts have been shown by our Company in order to obtain all information fully and accurately about the subject matter thereof, and we’re personally liable for the disclosures.
